Pressure and Flow Pressure Interface Choice Matters

Tuesday, April 30, 2024

MORNING: 9am PT / 11am CT / 12pm ET
AFTERNOON: 1pm PT / 3pm CT / 4pm ET (recorded)

1.0 CRCE CREDIT (RTS), 1.00 CERP (RNS)

Dr. Anna KidmanBSc, MNurs, CNS, PhD

Join us on an educational journey into respiratory care for neonates as we present Pressure Interface Choice Matters with Clinical Nurse Specialist Dr. Anna Kidman, BSc, MNurs, CNS, PhD, on April 30.

Dr. Kidman will explore optimization of interface types between pressure-controlled and flow-controlled respiratory support devices. She will also differentiate common respiratory pathologies that require noninvasive respiratory support in neonatal care.

Morning session

Afternoon session
