## Introducing the world's first CapFit™ headgear

Starting anything new is a crucial time and learning to adjust to therapy is essential.

With the unique design of the F&P Evora™ Nasal CPAP® Mask, getting started with your mask is as easy as putting on a cap.

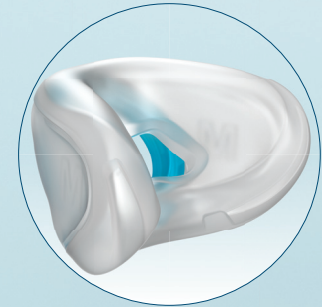

### Freedom to move

The unique compact seal and flexible breathing tube keep the mask comfortably in place.

### Minimal

With 64% less headgear contact on your face<sup>1</sup>, the soft-knit contoured headgear delivers comfortable support.

### Comfortably compact

Sits comfortably under your nose to create a gentle fit.

### Sleep quietly

Designed with exhaust holes that minimize noise and draft.

# Fitting summary

**Adjust the  
top strap**

**Adjust the  
back strap**

**Check the  
space**

For further instructions, please refer to the Fitting Your Mask section of the Evora Nasal Use and Care Guide.

1. Internal study of F&P Evora Nasal testing overall mask size against F&P Eson™ 2. 43 out of 44 trial participants were able to put on and take off the Evora Nasal mask once fitted, in the dark. Internal validation study conducted with 44 participants in the United States of America 2019.

\*We refer to CPAP in this instance, but this may also include other positive airway pressure device modes such as APAP or Bilevel. Masks must be used with a PAP device to deliver therapy.
