## Fisher & Paykel Healthcare

Fisher and Paykel provides a wide range of high-quality, innovative CPAP therapy masks to effectively treat sleep apnea. They are designed and renowned for:

- **Comfort** - Facial comfort is achieved through unique cushioning technologies which contour the face. Together with innovative headgear designs, greater comfort is today being achieved by lighter masks, softer seals and small frame profiles
- **Seal** - every mask is designed to minimise leakage and maximise therapy adherence
- **Ease of use** - with a focus on simplifying sleep life, these masks are designed to be easy in every respect: set-up, cleaning, adjusting and sleeping. Just fit and forget
