Fisher & Paykel Evora Full mask

QTY

ADD TO CART

The F&P Evora Full is the latest, compact full-face CPAP mask for obstructive sleep apnea from Fisher & Paykel Healthcare. Evora Full delivers full performance with minimal contact, allowing you to move and sleep freely without compromise. The mask has an under-the-nose seal that provides a clear line of sight, while the unique design of the seal keeps the mask comfortably in place.

The Evora Full features include:

- **Minimal Design** - the minimal design of the under-the-nose seal provides a clear line of sight.
- **Comfortable seal** - soft thin silicone sits comfortably under your nose to minimize pressure, while the structured frame provides a stable seal
- **Breathable comfort** - Headgear with VentiCool™ technology allows heat and moisture to escape from the head for a comfortable night's sleep
- **Sleep quietly** - designed to minimise noise and draft for a good night's sleep

There are three seal sizes available: Extra Small, Small to Medium, and Large and two head gear sizes; Standard and Extra Large.
