Less

Weight. Size. Contact. Noise.

is best.¹

For a natural sleep experience.

A natural sleep experience

F&P Nova Micro™ is our smallest and lightest mask² yet. Weighing under 40 grams, some users reported it felt like they weren't even wearing a mask.

Soft MicroPillows

The soft silicone cushion rests gently within the nostrils and inflates to conform to your nose, for comfort, stability and performance.

Comfort

97%

of trial users rated the feel of the pillows as "soft" or "very soft".³

Performance

100%

of trial users rated the overall performance as "good" or "very good".⁴

Easy-adjusting headgear

Fitting is easy with dual-sided adjustments - users can fine-tune the headgear on each side of their face, providing freedom of movement during sleep.

Always read the label and follow the directions for use.

Prescription only. This product may not be right for you. Your healthcare provider will advise you whether this product is suitable for you/your condition. If symptoms persist, talk to your healthcare provider.

1. A smaller mask can result in less mask contact on the face, having the potential to reduce unwanted effects such as discomfort, facial irritation, and red marks left on the face. 2. F&P Nova Micro is the lightest and volumetrically smallest F&P Healthcare PAP therapy mask. The considered volume of the mask excludes the tubing. 3. 38 out of 39 participants rated the feel of the F&P Nova Micro mask pillows in their nose as “soft” or “very soft”. Internal validation trial conducted by Fisher & Paykel Healthcare on 39 participants in the United States, 2022. 4. 39 out of 39 trial participants rated the overall performance of the F&P Nova Micro mask as “good” or “very good”. Internal validation trial conducted by Fisher & Paykel Healthcare on 39 participants in the United States, 2022.
