

F&P Nova Micro

Nasal Pillows Mask

MicroPillows™. Less is best.™ 1

Fisher & Paykel
HEALTHCARE

A natural sleep experience

F&P Nova Micro™ is our smallest and lightest mask² yet. Weighing less than 40 grams, some patients reported it felt like they weren't even wearing a mask.

Compact without compromise

The compact cushion and frame rests close to the face – this provides stability, freedom of movement and allows patients to sleep in their preferred positions.

Soft MicroPillows

The mask features our soft MicroPillows cushion that nestles gently within the nostrils and inflates to conform to the patient's nose.

Performance

100%

of trial users rated the overall performance as good or very good.³

Easy-adjusting headgear

Fitting is easy with the dual-sided adjustments which enable patients to fine-tune the headgear on each side of their face.

F&P myMask™ app

Instructs your patients on mask use with step-by-step fitting, fine-tuning and cleaning videos. Download the F&P myMask App. Scan the QR code, or download directly.

Always read the label and follow the directions for use. Prescription only. This product may not be right for you. Your healthcare provider will advise you whether this product is suitable for you/your condition. If symptoms persist, talk to your healthcare provider.

1. A smaller mask can result in less mask contact on the face, having the potential to reduce unwanted effects such as discomfort, facial irritation, and red marks left on the face. 2. F&P Nova Micro is the lightest and volumetrically smallest F&P Healthcare CPAP therapy mask. The considered volume of the mask excludes the tubing. 3. 39 out of 39 participants rated the overall performance of the F&P Nova Micro mask as good or very good. Internal validation trial conducted by Fisher & Paykel Healthcare on 39 participants in the United States, 2022.
