Simply CapFit™
Just like putting on a cap

Unlike any other mask, F&P Evora™ incorporates CapFit headgear that has been designed to be put on like a cap – a simple and intuitive movement that patients are familiar with.

The headgear structure ensures the seal is presented in the right place every time, making life easier for you and your patients.

95% of Respiratory Therapists
Found Evora simple to fit.

98% of Patients
Found Evora simple to take off and put on in the dark.
The next generation of Dynamic Support

The stability wings work in synergy with the floating seal to allow freedom of movement while keeping the mask comfortably in place.

Floating seal
Engages to wrap around the nose, providing a flexible and comfortable seal.

Stability wings
Designed to keep the floating seal in place throughout the night.
Supporting your business efficiency

Clinical research shows complexity in mask design, poor mask fit, and discomfort can lead to more time spent with patients and ultimately non-adherence.

When choosing a new mask consider how your choice can impact the amount of time you spend on:

- Fitting
- Educating
- Cleaning
- Ongoing support and motivation
- Resolving mask problems
- Subsequent mask setups

Soft-knit fabric
Comfortable headgear designed with AirEdge Technology to avoid leaving marks on the face.

CapFit headgear
Minimal, one-size headgear for a simple and intuitive fit.

Radial air-flow
Laser-drilled exhaust holes designed to minimize noise and draft.

Compact nasal seal
Soft floating seal that sits comfortably under the nose to create an unobtrusive seal.
1. 20 out of 21 respiratory therapists rated the simplicity of the Evora Nasal mask as very simple or simple to fit. Internal validation study conducted with 21 respiratory therapists in United States of America 2019.

2. 43 out of 44 participants were able to put on and take off the Evora Nasal mask once fitted, in the dark. Internal validation study conducted with 44 participants in United States of America 2019.

For further instructions, please refer to Fitting Your Mask section of the Evora Use and Care Guide.
