INFANT WARMERS

Wall Mount Infant Warmer

The Wall Mount Infant Warmer supports rewarming and stabilization of the newborn baby immediately after delivery. Compact in design, this model can be conveniently integrated into the decor where space is needed.

Simple and easy to use with one-touch controls, the Wall Mount Infant Warmer offers powerful controlled warming with a built-in Prewarm Mode.

• **Mounting Bracket included**
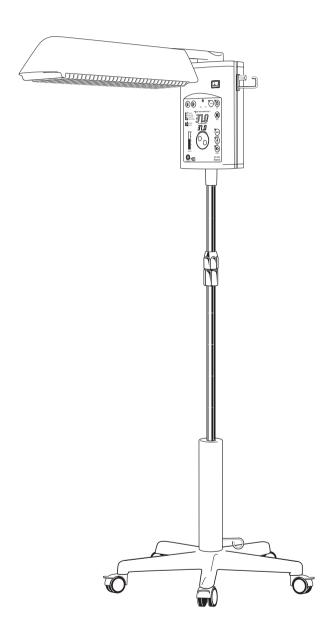

Product Code	Description
IW980	Baby Controlled Wall Mount Infant Warmer With: Prewarm, Baby and Manual Heater Modes 2 Procedure Timers Examination Light Apgar Timer
Includes 900IW001 NC040-10 900IW305 043041135	DuoSense™ Skin Sensor DaisyDot™ Sensor Cover (10 Pack) Cable/Hose Hook Wall Mounting Bracket

INFANT WARMERS

## IW930 Series CosyCot™ Infant Warmer

The easily transported fully featured CosyCot™ is suitable for Labour & Delivery and NICUs. Designed with functionality and performance in mind, it has an integrated bassinet, with tilt mechanism and transport handle. Focused heating with one touch controls, ensures ease of use and even irradiance across the mattress. A Prewarm mode allows the warmer to be kept "baby ready" without nuisance alarms.

Complete with CosyGrip™ tube holders and CornerGrips™, the CosyCot™ is configurable with optional accessories: Storage Drawer System, Elevator Base, X-Ray Tray, Phototherapy, Gas and Resuscitation Products.
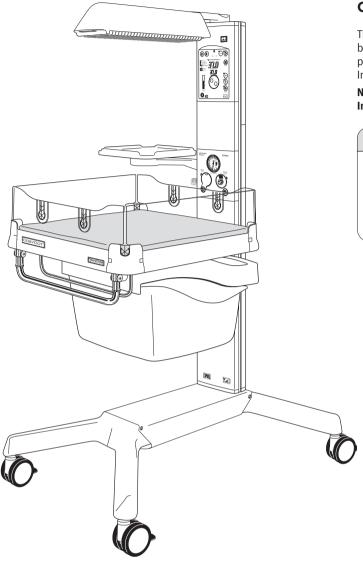

To customize your CosyCot™ Infant Warmer please refer to the following sections for details of the Infant Warmer accessories available.

Product Code	Description	
IW931	Baby Controlled CosyCot™ Infant Warmer Prewarm, Baby and Manual Heater Modes	**With:** Standard Bassinet Standard Mattress Fixed Base
IW932	Baby Controlled CosyCot™ Infant Warmer Prewarm, Baby and Manual Heater Modes	**With:** Standard Bassinet Standard Mattress Elevator Base
IW933	Baby Controlled CosyCot™ Infant Warmer Prewarm, Baby and Manual Heater Modes	**With:** Long Bassinet Long Mattress Fixed Base
IW934	Baby Controlled CosyCot™ Infant Warmer Prewarm, Baby and Manual Heater Modes	**With:** Long Bassinet Long Mattress Elevator Base

Features Included:
2 Procedure Timers, Examination Light, Apgar Timer, CosyGrip™ Tube Holders, CornerGrip™ Tube Holders, Tilt Mechanism, Transport Handle

Includes
900IW001	DuoSense™ Skin Sensor
NC040-10	DaisyDot™ Sensor Cover (10 Pack)
900IW305	Cable/Hose Hook

*refer to page 34 for the model suffix that applies to your country.

Elevator Base (IW932/IW934/IW952/IW954)

The electric elevator base is designed to provide a high level of user comfort. The foot controlled buttons allow you to raise or lower the warmer bassinet from 88cm to 104cm, without disturbing the infant.

• **Different voltage options available**

IW950 Series CosyCot™ Infant Warmer

Product Code	Description	
IW951	Manual Controlled CosyCot™ Infant Warmer Prewarm and Manual Heater Modes	**With:** Standard Bassinet Standard Mattress Fixed Base

neoBLUE®mini LED Phototherapy

The neoBLUE®mini LED Phototherapy system delivers a narrow band of high-intensity blue light via light emitting diodes (LEDs) to provide treatment for neonatal hyperbilirubinemia in the hospital setting. The neoBLUE®mini provides a uniform coverage over defined treatment areas and has a flexible arm for easy positioning.

By utilizing the Dovetail Channel Rail Bracket 900IW314, the neoBLUE®mini can be mounted on to either side of the CosyCot™ Infant Warmer column. The neoBLUE®mini can also be easily removed when not in use or needed on another CosyCot™ Infant Warmer.

- **Includes 900IW314 Dovetail Channel Rail Bracket**

Product Code	Description
900IW510J	neoBLUE®mini LED Phototherapy USA (120V)
900IW510K	neoBLUE®mini LED Phototherapy UK (230V)
900IW510E	neoBLUE®mini LED Phototherapy Europe (230V)
900IW510U	neoBLUE®mini LED Phototherapy Universal (230V)
900IW510A	neoBLUE®mini LED Phototherapy Australia/NZ (230V)

Note: Please refer to page 17 for Phototherapy Eyemax

neoweigh™ Infant Scales

The neoweigh™ Infant Scales are designed especially for the CosyCot™ Infant Warmer, incorporating an in-bed load cell design. While technologically advanced, we have kept the neoweigh™ simple and easy to use with one-touch controls conveniently integrated into a useful side shelf with maximum loading of 15kg (33lb).

- **Includes 900IW303 Side Mounting Block.**
  Note: The scales can only fit on the long bassinet.
- **Weighing capacity**   300-8000 grams (0.66-17.6 pounds)
- **Accuracy**   0.010 kilograms (10 grams)
      0.02 pounds (0.32oz)

| Product Code	Description
900IW230A	neoweigh™ Infant Scales 230V
900IW230J	neoweigh™ Infant Scales 120V

neospot™ Procedure Light

The neospot™ Procedure Light is portable and compact and provides optimum lighting options for the CosyCot™ Infant Warmer.

- **Halogen Bulb-Dichroic 12V/50W.**
- **Use 900IW303 Side Mounting Block (to be ordered separately).**

GENERAL ACCESSORIES

Mattress

The Mattress is specially designed to reduce heat loss by way of conduction and can be purchased separately. The Mattress is available in two sizes to fit to the appropriate bassinet.

Product Code	Description
900IW201	Mattress - Standard 60 x 60cm
900IW213	Mattress - Long 60 x 70cm

X-Ray Tray Module

The X-Ray Tray combines a non-slip surface with a co-ordinate grid for accurate placement of the x-ray cassette. The mattress and bassinet base are x-ray transparent. The close proximity of the cassette to the bassinet base ensures high quality images.

Product Code	Description
900IW205	X-Ray Tray

Side Shelf and Mounting Block

The swivel Side Shelf and Mounting Block provide a stylish, adjustable height storage surface. The raised edges offer support for monitors and other equipment.

Maximum Loading   15kg (33lb)
Dimensions   34 x 30cm (13.4" x 11.8")

Product Code	Description
900IW401 **Includes**	Side Shelf
900IW303	Mounting Block

Storage Drawer System

The Storage Drawer System provides a convenient storage for a wide range of equipment. The drawer slides both ways for easy access from both sides of the unit.

It comes with a multi-purpose tray to hold small items.

Maximum loading   7kg   (15.4lbs)
**Internal Dimensions**   54.5 x 46 x 28cm (21.4" x 18.1" x 11")
Tray Dimensions   40.5 x 20 x 20.5cm (15.9" x 7.9" x 8")
Volume   48L (13gal)

Product Code	Description
900IW408	Storage Drawer System

SUCTION ACCESSORIES

Venturi Suction Units

The Venturi Suction Unit is an oxygen driven suction unit that attaches to the Gas Accessory Block Oxygen or the Gas Low Pressure Module Oxygen providing variable suction options. It comes complete with two additional oxygen outlets to fit oxygen flowmeters (see page 26).

- **Supply pressure from**   350 - 450 kPa (50-65 psi)
- **Suction range**   0 - 200mmHg (0-26kPa)
- **Receiver jar**   400ml (0.1gal)

Note: Requires either a Gas Accessory Block (page 28) or Gas Low Pressure Module (page 29) for mounting to the CosyCot™ Infant Warmer

Product Code	Description
900IW121	Venturi Suction (AUST)
900IW123	Venturi Suction (DISS)

Bacteria Filter

A standard Millipore brand filter for the Venturi Suction Unit.

Product Code	Description
043042144	Bacteria Filter Available in packs of 25.

Vacuum Regulator

Designed for wall suction with an operating range of 0-160mm Hg (0-21kPa). The Analog gauge is designed for clarity and appearance and the digital regulator has an easy to read display with an accuracy within +/- 1%.
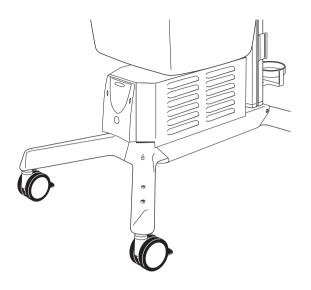

Note: Requires a suction block for mounting to the CosyCot™ Infant Warmer.

Product Code	Description
900IW124D	Digital Vacuum Regulator (DISS)
900IW125D	Analog Vacuum Regulator (DISS)
900IW125N	Analog Vacuum Regulator (NIST)

Suction Blocks

The Suction Accessory Block provides a suction access point on the warmer column and allows a vacuum regulator to be fitted to the warmer.

Product Code	Description
900IW181	Suction Block (DISS)
900IW182	Suction Block (NIST)
900IW183	Suction Block (AUST)

TRANSPORT OPTION

Uninterruptible Power Supply (UPS)

Useful for helping to maintain the Neutral Thermal Environment of infants during transportation, the UPS provides constant warming for up to 8 minutes at full power or 20 minutes at 50% power.

The UPS can be installed with the Storage Drawer System (900IW408).

Two components are required to provide an Uninterruptible Power Supply (UPS) to a 900 Series CosyCot™ Infant Warmer; the UPS battery itself and a mounting kit to secure it to the CosyCot™.

Product Code	Description
900IW505A	UPS Powervar 800VA 230V
900IW505J	UPS Powervar 800VA 120V

* Mounting Kit 900IW312 is included.

1) For the UPS battery - contact your Fisher and Paykel Healthcare Representative or contact Powervar direct

2) For the UPS Mounting Kit - order from Fisher and Paykel Healthcare using table below.

| Product Code	Description
900IW312A	UPS Mounting Kit for Powervar Model - ABCE800-22IEC (230V)
Includes	Shroud
	Power Cable
	Spacer Long x 2 (for mounting UPS)
	Spacer Short
	Installation Instructions
900IW312J	UPS Mounting Kit for Model - ABCE800-11IEC (120V)
Includes	Shroud
	Power Cable
	Spacer Long x 2 (for mounting UPS)
	Spacer Short
	Installation Instructions

MOUNTING ACCESSORIES

Cable/Hose Hook
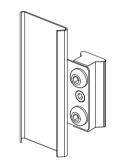

The Cable/Hose Hook provides an adjustable point for convenient, tidy storage of power cables, oxygen and air hoses, especially useful during transportation.

Maximum Loading 5kg (11lb)
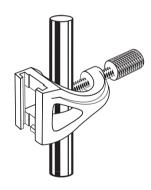

• **Included with all IW900 series Infant Warmers**

Product Code	Description
900IW305	Cable/Hose Hook

Suction Canister Mounting Block

The Suction Canister Mounting Block provides an adjustable mounting point for common suction canister holders (e.g. Abbot, Baxter).

Product Code	Description
900IW309	Suction Canister Mounting Block
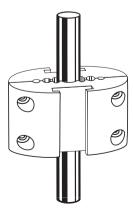

C-Clamp

The C-Clamp is available for mounting accessories onto the Short Mounting Pole (900IW301) or the Long Mounting Pole (900IW302).

• **Includes a clip to allow permanent attachment of accessories to the clamp**
• **This accessory is universal to all Fisher & Paykel Healthcare Products**

Product Code	Description
900MR170	C-Clamp
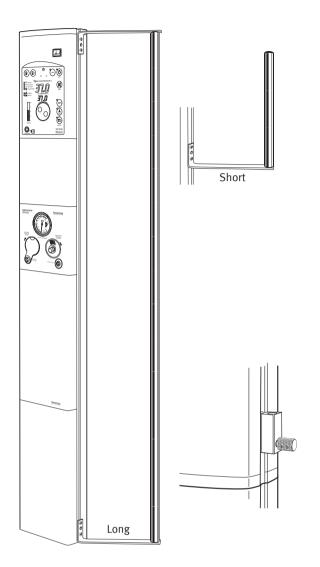

Pole Clamp

A more permanent attachment for mounting a humidifier to a long or short IV Pole.

• **This accessory is universal to all Fisher & Paykel Healthcare Products**

Product Code	Description
900MR030	Pole Clamp

MOUNTING ACCESSORIES

Short

Long

Mounting Poles

The Mounting Poles provide a mounting point for a wide range of equipment and accessories i.e. syringe drivers, fluid pumps, humidifiers, monitors etc.

Diameter Short Mounting Pole 2.5cm (1")
   Long Mounting Pole 2.5cm (1")
Length   Short Mounting Pole 20cm (8")
          Long Mounting Pole 140cm (55")
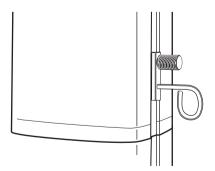

Product Code	Description
900IW301	Short Mounting Pole
900IW302	Long Mounting Pole

Side Mounting Block

The Side Mounting Block provides an adjustable height mounting point for the Side Shelf 900IW401, neoweigh™ Infant Scales 900IW230, neospot™ Procedure Light 900IW520 and IV Pole 900IW313.

Product Code	Description
900IW303	Side Mounting Block
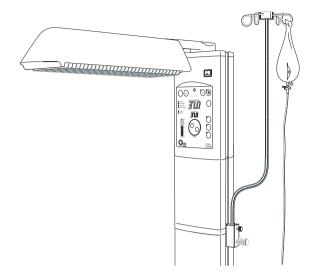

Accessory Hook

The Accessory Hook provides an adjustable mounting point on the warmer column or bassinet base for fluid and drainage bags.

Maximum Loading 2kg (4.4lb)
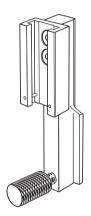

Product Code	Description
900IW306	Accessory Hook

IV Pole - Quad Hook Bent

The IV Pole – Quad Hook Bent provides an accessory for hanging up to four IV bags/bottles and can be used on the same side as the long mounting pole. This stainless steel pole is 64cm (25.2") long, with a height adjustable mounting block included.

Product Code	Description
900IW313	IV Pole – Quad Hook Bent
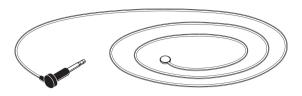

Dovetail Channel Rail Bracket

The Dovetail Channel Rail Bracket provides an adjustable mounting point for the neoBLUE®mini Phototherapy lamp (900IW510).

Product Code	Description
900IW314	Dovetail Channel Rail Bracket
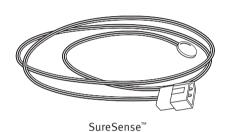

DuoSense™ Reusable Skin Sensor

The DuoSense™ Skin Sensor utilises two independent thermistors that are continuously compared to ensure accuracy and reliability in temperature control. The 900IW001 now has a stronger cable with triple kevlar stranding for extended durability.

- **Length 1.6m (63")**
- **Reusable**
- **Included with Baby Controlled Warmers (IW910, IW931, IW932, IW933, IW934 and IW980)**

Product Code	Description
900IW001	DuoSense™ Skin Sensor

SureSense™ Single Use Temperature Sensor

The SureSense™ is a single patient use temperature sensor designed for accurate temperature measurement with a thermistor accuracy of +/- 0.1°C.

- **Use with Reusable Adaptor 900IW003**
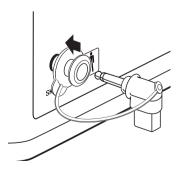

Product Code	Description
NC020-20	SureSense™ Single Use Temperature Sensor (20 pack)
NC021-20	SureSense™ Single Use Temperature Sensor (20 pack) US

SureSense™

DaisyDot™ and DaisyDot mini™ Sensor Covers

The DaisyDot™ covers are single baby multi use items, with reflective and insulative properties to protect the skin sensor from external sources of heat. The petal design minimises sensor cover lift whilst providing exit points for the sensor cable.

Product Code	Description
NC040-10	DaisyDot™ Sensor Cover (10 pack)
NC041-10	DaisyDot mini™ Sensor Cover (10 pack)
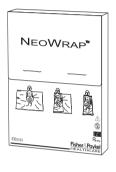

Reusable Adaptor for SureSense™ Temperature Sensor
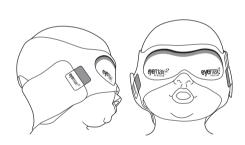

The reusable adaptor for the single use temperature Sensor, SureSense™, is designed with a leash to reduce the likelihood of the adaptor becoming dislodged from the Fisher & Paykel Healthcare infant warmer.

Product Code	Description
900IW003	Reusable Adaptor for SureSense™ sensor

NeoWrap™ Occlusive Wrap

- **Effective in reducing postnatal temperature fall in very low birth-weight infants[1]**
- **Helps to reduce evaporative heat loss[2]**
- **Allows radiant heat penetration**
- **Transparent, appropriate size**
- **Clean, biomedical material (ISO 10993-1)**
- **Easy to use**
- **Single Patient use**

1. Vohra, et. al. Effect of polyethylene occlusive wrapping on heat loss in very low birth weight infants at delivery: A randomised trial. J Pediatrics, 1999.

2. Hammerlund , et. al. Transepidermal water loss in newborn infants. V. Evaporation from the skin and heat exchange during the first hours of life. Acta Paediatr Scand. 1980; 69 (3): 385-392

Product Code	Description
NC100-SK	NeoWrap™ Starter Kit
NC100-10	NeoWrap™ (box of 10)
NC100-25	NeoWrap™ (dispensing box of 25)

EyeMax2™
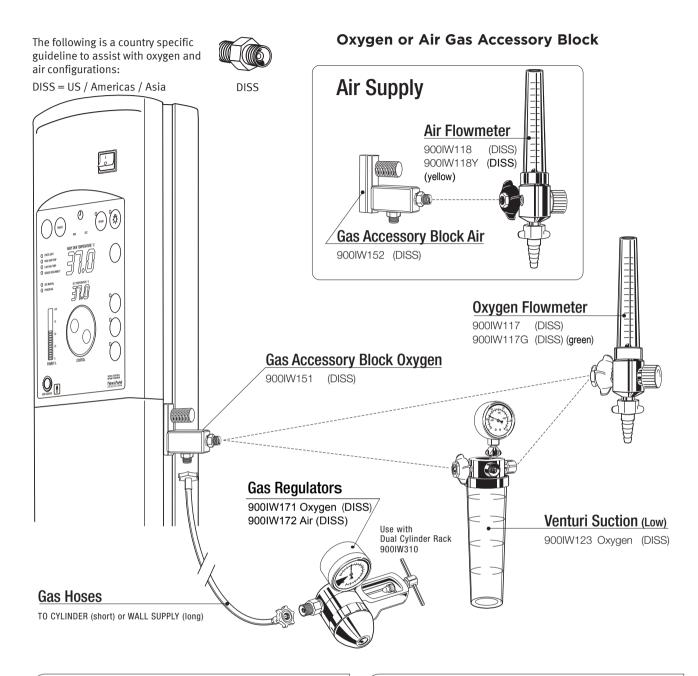

The EyeMax2™ phototherapy masks are designed to assure comfort and protection for infants during phototherapy treatment.

- **Easy-to-use design**
- **Fully adjustable band**
- **Bigger eye pad designed to reduce pressure and increase UV protection**

Product Code	Description
NC120-20	EyeMax2™ Regular (box of 20)
NC121-20	EyeMax2™ Preemie (box of 20)
NC122-20	EyeMax2™ Micro (box of 20)

Note: Please refer to page 9 for neoBLUE®mini Phototherapy unit

GAS CONFIGURATION AUSTRALIA /NEW ZEALAND

The following is a country specific guideline to assist with oxygen and air configurations:

AUST = Australia / NZ

AUST

Oxygen or Air Gas Accessory Block

Air Supply

Gas Accessory Block Air
900IW156 (AUST)

Air Flowmeter
900IW116 (AUST)

Gas Accessory Block Oxygen
900IW155 (AUST)

Oxygen Flowmeter
900IW115 (AUST)

Venturi Suction (Low)
900IW121 Oxygen (AUST)

Gas Hoses

TO CYLINDER (short) or WALL SUPPLY (long)

Product Code	Description		Length	Color
043041043	Oxygen Hose	- Short	2' (550mm)	white
043041042	Oxygen Hose	- Long	10' (3m)	white
043041045	Air Hose	- Short	2' (550mm)	black
043041044	Air Hose	- Long	10' (3m)	black

Configuration shown is a guide only. To discuss your options further please contact your Fisher & Paykel Healthcare representative and/or your Biomedical Engineering Dept.
Gas fittings are illustrative only.

Oxygen Low Pressure Module

Option One

Oxygen Flowmeter Module
900IW110 O_2/O_2 (white)

Option Two

Oxygen Flowmeter
900IW115 (AUST)

Gas Low Pressure Module (oxygen)
900IW165 (AUST)

Venturi Suction (Low)
900IW121 Oxygen (AUST)

TO CYLINDER SUPPLY
(short)

Oxygen Hoses

TO WALL SUPPLY
(long)

Product Code	Description		Length	Color
043041043	Oxygen Hose	- Short	2' (550mm)	white
043041042	Oxygen Hose	- Long	10' (3m)	white

Configuration shown is a guide only. To discuss your options further please contact your
Fisher & Paykel Healthcare representative and/or your Biomedical Engineering Dept.
Gas fittings are illustrative only.

Oxygen and Air Low Pressure Module

Option One

Oxygen/Air Flowmeter Module
900IW111 O_2/Air (white/black)

Option Two

Oxygen Flowmeter
900IW115   (AUST)

Option Two

Air Flowmeter
900IW116   (AUST)

Venturi Suction (Low)
900IW121 Oxygen (AUST)

Gas Low Pressure Module (Oxygen/Air)
900IW166 (AUST)

Air Hoses

TO CYLINDER SUPPLY
(short)

TO WALL SUPPLY
(long)

Oxygen Hoses

Product Code	Description		Length	Color

Fisher & Paykel Healthcare representative and/or your Biomedical Engineering Dept.
Gas fittings are illustrative only.

GAS FLOWMETERS

Oxygen and Air Flowmeters

Oxygen and Air Flowmeters are available on an individual basis. They come complete with color coded nipples and control knobs.

- **Flowrate 0-15L/min**
- **Includes flowmeter nipples (white, black, green or yellow)**

Note: Requires either a Gas Accessory Block (page 28) or Gas Low Pressure Module (page 29) to be fitted to the CosyCot™ Infant Warmer

Product Code	Description	Color
900IW115	Flowmeter Oxygen (AUST)	white
900IW116	Flowmeter Air (AUST)	black
900IW117	Flowmeter Oxygen (DISS)	white
900IW118	Flowmeter Air (DISS)	black
900IW117G	Flowmeter Oxygen (DISS)	green
900IW118Y	Flowmeter Air (DISS)	yellow
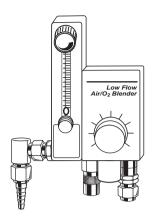

Flowmeter Modules
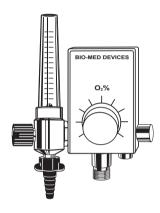

The Flowmeter Modules provide a controlled flow of gas (air and/or oxygen) from two panel mounted Flowmeters (0-15L/min). This integrated module fits cleanly into the column of the CosyCot™ Infant Warmer and includes color-coded flowmeter nipples and control knobs.
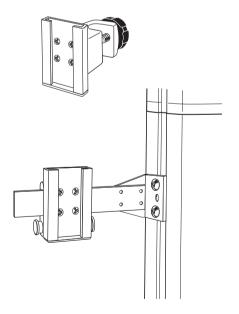

- **Flowrate 0-15L/min**
- **Factory fitted when ordered with a CosyCot™ Infant Warmer**
- **Includes flowmeter nipples (white, black, green or yellow)**

OXYGEN / OXYGEN		
Product Code	Description	Color
900IW110	Oxy/Oxy Flowmeter Module	white
900IW112	Oxy/Oxy Flowmeter Module (US)	green

OXYGEN / AIR		
Product Code	Description	Color
900IW111	Oxy/Air Flowmeter Module	white/black
900IW113	Oxy/Air Flowmeter Module (US)	green/yellow

GAS BLENDERS

Gas Blenders

Gas Blenders are available on an individual basis.

They come complete with color coded nipples and control knobs.

- **Flowrate   2-16 L/min (Bird)**

    0-15 L/min (Bio-Med)

- **Includes flowmeter nipples (green or white)**

Note: Requires 900IW320 Bird Bracket Blender Complete or BC510-01 Bird MBlender Pole Mount Bracket to be fitted to the CosyCot™ Infant Warmer.
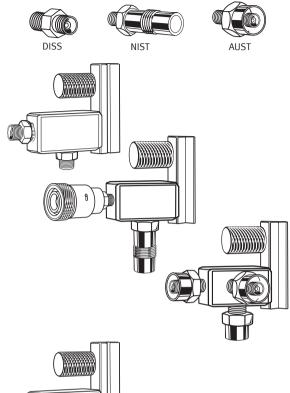

Product Code	Description	Color
BC501-01	Blender Oxy/Air Bird (DISS)	green
BC502-01	Blender Oxy/Air Bird (NIST)	
BC503-01	Blender Oxy/Air Bird (AUST)	
BC506-01	Blender Oxy/Air Bio-Med (DISS)	green
BC507-01	Blender Oxy/Air Bio-Med (DISS)	white

Gas Blender Brackets

The BC510-01 MBlender Pole Mount Bracket and 900IW320 Bracket Blender Complete provide a mounting point for the Gas Blenders that can be used on either side of the CosyCot™ Infant Warmer.

Product Code	Description
BC510-01	Blender Pole Mount Bracket
900IW320	Bracket Blender Complete

GAS SUPPLY ACCESSORIES

DISS   NIST   AUST
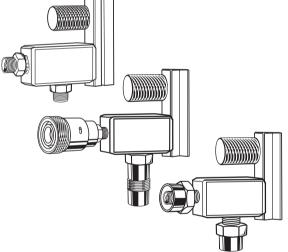

Gas Accessory Blocks

The Gas Accessory Block mounts onto the CosyCot™ Infant Warmer column. The adjustable height feature provides a convenient oxygen outlet supplied from either a Gas Supply Module or regulated hospital pipeline systems.
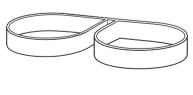

- **Single point gas source from gas supply module, gas bottle or regulated hospital pipeline connection.**
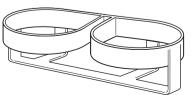

Note: Requires suitable gas hose (see page 31)

OXYGEN	
Product Code	**Description**
900IW151	Gas Accessory Block (DISS)
900IW153	Gas Accessory Block (NIST inlet Schrader outlet)
900IW153K	Gas Accessory Block (UK only - for OxyLitre)
900IW155	Gas Accessory Block (AUST) (has two inlets)

AIR	
Product Code	**Description**
900IW152	Gas Accessory Block (DISS)
900IW154	Gas Accessory Block (NIST inlet Schrader outlet)
900IW154K	Gas Accessory Block (UK only)
900IW156	Gas Accessory Block (AUST)
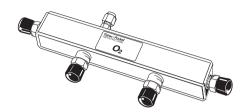

Cylinder Rack

The Dual Cylinder Racks allow auxiliary gas cylinders to be mounted on the back of the CosyCot™ column. These are available in both single and dual cylinder configurations.

Product Code	Description
900IW310	Dual Cylinder Rack (for cylinders up to 117mm diameter)
900IW311	Single Cylinder Rack (for cylinders up to 140mm diameter)

Gas Low Pressure Modules

The Gas Low Pressure Modules provide a low pressure manifold that fits conveniently on to the back of the CosyCot™ Infant Warmer column.

If gas cylinders are used a Cylinder Rack 900IW310 or 900IW311 will be required.
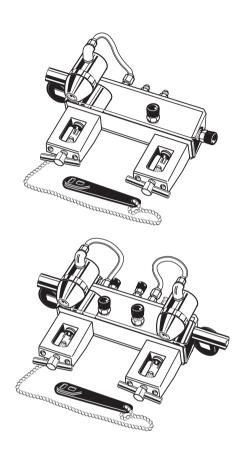

OXYGEN	
Product Code	**Description**
900IW161	Gas Low Pressure Module (DISS)
900IW163	Gas Low Pressure Module (NIST)
900IW165	Gas Low Pressure Module (AUST)

**Note: Provides 2 inlet and 2 outlet ports and internal 900IW110, 900IW112 Oxygen Flowmeter Module connections. (see page 26)
Pressure regulators not provided.**

OXYGEN / AIR	
Product Code	**Description**
900IW162	Gas Low Pressure Module (DISS)
900IW164	Gas Low Pressure Module (NIST)
900IW166	Gas Low Pressure Module (AUST)
900IW168	Gas Low Pressure Module (French Inlet Fittings)

Note: Provides 2 inlet and 1 outlet ports for each gas and internal 900IW111 and 900IW113 Oxygen/Air Flowmeter Module connections. (see page 26) Pressure regulators not provided.

GAS SUPPLY ACCESSORIES

Gas Supply Modules

The Gas Supply Modules provide a gas supply from either gas cylinders and/or a regulated hospital pipeline system. These modules can be factory fitted to the back of the CosyCot™ Infant Warmer column and includes the appropriate inlet and outlet hose fittings, supply pressure gauges and a cylinder key.
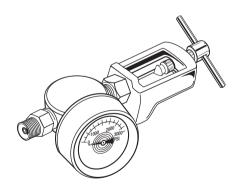

Only avaliable to UK market through special order to SMS Technologies UK

OXYGEN	
Product Code	**Description**
900IW103	Gas Supply Module (NIST)

Note: Provides 1 inlet and 1 outlet port & internal 900IW110 / 900IW112 Oxygen Flowmeter module connection.
Cannot be used with a Cylinder Rack

OXYGEN / AIR	
Product Code	**Description**
900IW104	Gas Supply Module (NIST)

Note: Provides 1 inlet and 1 outlet port for each gas & internal connections to all Flowmeter modules (see page 26)
Cannot be used with a Cylinder Rack.

Gas Regulator

The Gas Regulator allows easy connection from a stand alone pin indexed gas cylinder to either a Gas Accessory Block or Gas Low Pressure Module.

• **Maximum Inlet pressure**   15,400 kPa (2233psi)
• **Outlet Pressure**   345 kPa (50psi)

Note: Gas Hoses not included (see page 31)

Product Code	Description
900IW171	Regulator Oxygen - Pin Index (DISS)
900IW172	Regulator Air-Pin Index (DISS)

GAS HOSE ACCESSORIES

Gas Hose Accessories

Fisher & Paykel Healthcare offer the following range of gas hoses for our Gas Accessories. If your exact requirements are not met within this range, please discuss your requirements with your Fisher & Paykel Healthcare representative.

- **3 meter (10') Hoses**

From	To
Hospital Pipeline Supply	Gas Accessory Block
Hospital Pipeline Supply	Gas Low Pressure Module
Hospital Pipeline Supply	Gas Supply Module

- **550 mm (2') Hoses**

Wall Mounted Warmer & CosyCabinet

Designed to optimize space, this easily accessible warming and resuscitation unit provides functionality whilst remaining unobtrusive until required.

- **Features include:**
  Swivel warming head

  Neopuff™ Infant T-Piece Resuscitator
  Apgar Timer
  Colour Corrected Halogen Light
  Unique Tri-layer foam mattress for comfort
  Medirail for safety
  Two oxygen flowmeters adjustable from 0-15Lpm

- **Choose either baby or manual mode**
- **Dimensions**   900mm height x 733mm width x 268 mm depth
- **Heater Head Rotation**   90 degrees to specified side
- **Electrical**   230V +/- 20V, 50/60 Hz

Product Code	Description

INFANT WARMER MODEL

Ordering Options for 910/920, 930/950 Series, 980/990:

Country	Model Numbers
USA, Latin America, Canada	**JEU**
United Kingdom, Ireland	**AEK**
Australia, New Zealand	**AEA**
France, Italy, Benelux, Spain	**AFU**
Germany/Austria	**AGU**
China, Asia, Middle East, Africa	**AEU**
China	**AZU**

Infant Warmer Model Suffix
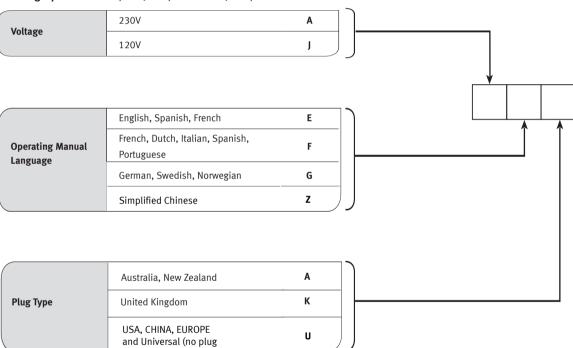

Please refer to the table to find the suffix that applies to your country or region.
If your country is not listed, it is most likely because more than one plug type applies to you and so more than one suffix is possible.

*If unsure of the suffix that applies to your country please contact your Fisher and Paykel Healthcare Representative.

There are only seven possible suffix combinations available:
AEA, AEK, AFU, AGU, JEU, AZU and AEU.

Ordering Options for 910/920, 930/950 Series, 980/990:

Voltage	230V	A
	120V	J
