

Forma™ NIV

FULL FACE MASK

The Forma™ NIV Full Face Mask forms a superior seal and provides even more comfort with a greater range of movement through the active contouring of its FlexiFoam™ Cushion.

The T-Piece adds stability to the stylized Mask Base, and works in harmony with the highly contoured Silicone Seal and Under-Chin Design to enhance sleep performance. With its ease of use and superior conforming seal, the Forma™ NIV sets the standard.

Transform your patient's experience today, with the Fisher & Paykel Healthcare Forma™ NIV Full Face Mask.

FlexiFoam™ Cushion & T-Piece Mask Base

Fisher & Paykel
HEALTHCARE

Full Face Delivery – *Forma™ NIV*

The Forma™ NIV Full Face Mask offers an improved seal and a more comfortable fit due to the interaction between the new FlexiFoam™ Cushion and the Under-Chin Design. This alternative to nasal or oral delivery comes fully assembled and ready for use.

UNIQUE MASK FEATURES FOR GREATER FREEDOM, COMFORT AND COMPLIANCE

FlexiFit™ Technology Auto-contouring fit

The FlexiFoam™ Cushion using FlexiFit™ Technology automatically adjusts to a wide range of nasal and facial contours with simple one-step ease of fitting and no complicated adjustments.

FlexiFoam™ Cushion Active-contouring cushion

The FlexiFoam™ Cushion provides greater comfort with the unique design of the soft, light and supportive foam. The FlexiFoam™ features the advanced active contouring that conforms naturally to your patient's face.

Glider™ Strap with Easy-Release Cord

The sliding Glider™ Strap with Easy-Release Cord provides freedom of movement and one-step removal. The mask force remains equal when the head rotates from side to side, minimizing the occurrence of leaks. Simply pull the Easy-Release Cord for one-step removal.

Under-Chin Design with Crown Strap

An Under-Chin fit provides extra stability and maintains the seal, even with movement of the jaw during the night. The Crown Strap works in conjunction with the Under-Chin Design to eliminate the need for a chin strap.

T-Piece Mask Base Optimizing seal

With no complicated adjustments, the T-Piece provides added stability and complements the Under-Chin Design to allow FlexiFit™ to auto-adjust for hassle-free fitting.

Frosted Silicone Seal Optimizing seal

The enhanced seal technology has a soft, smooth feel and slides easily onto the face. Its frosted texture optimizes mask seal performance.

Vented and Non-vented Rotating Elbows

Simply select the blue elbow for non-vented or the clear elbow for vented circuits. Both elbows are provided with the mask and can be changed quickly and easily at time of fitting.

CONTENTS

- Complete mask with headgear assembled and ready for use
- Complete with both a Vented and Non-Vented Elbow
- Four sizes: Small, Medium*, Large*, Medium and Large (two sizes included) and X-Large
